THE TIME OF LOUIS XIV (CHAPTER XII) - A History of Garden Art

The picturesque garden style emerged in England in the 18th century, one of the growing currents of the larger Romantic movement. Garden designers like William Kent and Capability Brown emulated the allegorical landscape paintings of European artists, especially Claude Lorraine, Poussin and Salvator Rosa. The manicured hills, lakes and trees dotted with allegorical temples were sculpted into the land.

History of gardening - Wikipedia

Practical and spiritual aspects of gardening are shown in an impressive body of literature. In Western countries manuals of instruction date to classical Greece and Rome. Images of plants and gardens are profuse in the works of the major poets, from Virgil to Shakespeare, and on to some of the moderns.

Gardening | art and science | Britannica

Ornamental gardens are complex, three-dimensional, (albeit overlooked) works of art, and ever since the first garden was made in Ancient Egypt some 4,300 ago they have acted as cultural barometers. Down the millennia and across continents every civilisation and nation has developed its own garden styles.

Garden History Online Course - Learning with Experts
An offshoot of the French style was provided by the Dutch, who advocated more water, flower bulbs, trees planted in tubs, and topiary. Westbury Court (Gloucestershire) shows this Dutch style. Westbury Court, Gloucestershire. The 18th century saw a swing from Renaissance formality to a more "natural" look.

English gardens - a short history

English garden, French Jardin Anglais, type of garden that developed in 18th-century England, originating as a revolt against the architectural garden, which relied on rectilinear patterns, sculpture, and the unnatural shaping of trees. The revolutionary character of the English garden lay in the fact that, whereas gardens had formerly asserted man's control over nature, in the new style, man's work was regarded as most successful when it was indistinguishable from nature's.

The Jewish Cemetery or the Jew's Garden as it became to be known, was the first in the country, and was the only place Jewish people in England could be buried up until 1177. It was situated just outside the City walls, and not too far away from one of the earliest areas of London where the Jewish population was situated.

Hidden History of the Barbican Estate | Look Up London

The Garden Museum (formerly known as the Museum of Garden History) in London is Britain's only museum of the art, history and design of gardens. The museum re-opened in 2017 after an 18-month redevelopment project. The building is largely the Victorian reconstruction of the Church of St Mary-at-Lambeth which was deconsecrated in 1972 and was scheduled to be demolished.
