*How to Transform Software Estimation and Focus on ...*  
White Paper: Maximizing the ROI of Software Testing.  
Every firm depends on the deployment of new software applications and products to compete better. Testing software is an expensive proposition, making up 40% of some development projects. Maximizing the Return on Investment (ROI) from this vital activity is on every executive's agenda, especially since the price of failure is reduced competitiveness, or worst case, their jobs.
