"Pieces of Modesty" is a collection of six short stories about Modesty Blaise and her loyal sidekick Willie Garvin. It was published in 1972 after Peter O'Donnell had written five novels about Modesty and Willie from 1965 to 1971 and achieved great success with them. All six of these short stories are quite good, with several of them being very good.

Pieces of Modesty (Modesty Blaise)- Amazon.co.uk: Peter O...

Pieces of Modesty is a short story collection by Peter O'Donnell featuring his action heroine, Modesty Blaise, first published in 1972. It was O'Donnell's first such collection of stories (he would publish a second, *Cobra Trap*, decades later). The stories featured in this collection are: "A Better Day to Die"

The six stories in this collection of short fiction featuring iconic heroine Modesty Blaise were all originally published in the Australian publication Pix in Jan.-Feb. 1970. O'Donnell intended them to be published in book form with illustrations by Jim Holdaway, then the artist for the Modesty Blaise comic strip; but Holdaway died that year, and the book-form collection wasn't published for another two years.
